

Thank you for purchasing our device. Before installing, using or repairing the device, please read this manual carefully and pay attention to the safety warnings and instructions. This will ensure not only the protection of persons, but also the long-term service life of the device.

INSTALLATION

1. Wipe the surface where you will install the strip.
2. Measure and cut to the desired length
3. Uncover the adhesive side of the tape
4. Connect the power cable
5. Stick the tape to the surface
6. Connect the power cord to the plug

WARNING

- Do not use the device if it is damaged.
- The tape can be shortened as needed.
- For maximum service life and performance, we recommend installing the strips in aluminium profiles.
- Do not expose the device to water or moisture.

At the end of its service life, the entire luminaire must be replaced and disposed of at a designated location. This product contains a light source that cannot be removed for verification due to its design, and therefore the entire product is considered a light source. The power cord cannot be replaced; if it is damaged, the device must no longer be used.

The product has a CE declaration of conformity in accordance with applicable regulations. Available on request from the manufacturer: info@solight.cz, or downloadable from www.solight.cz.
