

Dear Customer, thank you for purchasing our product. Please read the following instructions carefully and follow them to ensure safe and satisfactory use. This will help prevent misuse or damage. Avoid improper handling of this appliance and always follow the guidelines for using electrical appliances. Keep the user manual in a safe place. Intended for domestic or indoor use. The product should only be used by an adult. Never expose it to high humidity (e.g. a bathroom) and prevent the product from coming into contact with liquids. Installation may only be carried out by a qualified technician in accordance with Decree No. 50/1978 Coll., as amended, or at a minimum by a competent person as defined in Section 5 of Decree No. 50/1978 Coll., as amended.

SAFETY WARNING

- Installation must only be carried out by a qualified electrician.
- Power supply: 220–240 V AC 50/60 Hz.
- For indoor use only.
- If the power cable of this luminaire is damaged, it must be replaced by the manufacturer's service department.
- There are no replaceable parts in the device.

INSTALLATION

1. Switch off the power supply before installation.
2. Lift off the terminal box cover.
3. Connect the power cable, ensuring it is connected correctly.
4. Secure the terminal block cover.
5. Connect the power supply to the power cable.
6. Place the power supply unit in the ceiling cavity.
7. Insert the luminaire into the ceiling cavity.
8. Switch on the power supply.

The light source in this luminaire is non-replaceable; at the end of its service life, the entire luminaire must be replaced and disposed of at a designated collection point. This product contains a light source which, for design reasons, cannot be removed for inspection; therefore, the entire product is considered to be the light source. The power cable cannot be replaced; if it is damaged, the luminaire must not be used any further.

A CE Declaration of Conformity has been issued for the product in accordance with applicable regulations.
