

Thank you for purchasing our product. Before installing, using or repairing the product, please read this manual carefully and pay attention to the safety warnings and instructions. This will ensure not only personal safety but also the long-term durability of the product.

INSTALLATION

Switch off the power supply before installation!

1. Insert wall plugs into the pre-drilled holes and screw the mounting bracket / suspension bracket into place
2. Attach the luminaire to the bracket / suspend the luminaire
3. Unclip the clips and remove the luminaire cover
4. Loosen the grommet
5. Thread the supply cable through the waterproof opening and connect it to the terminal block
6. Close the luminaire
7. Switch on the power supply.

* The units can be interconnected using cable glands

The light source in this luminaire is non-replaceable; at the end of its service life, the entire luminaire must be replaced and disposed of at a designated collection point. This product contains a light source which, for design reasons, cannot be removed for inspection; therefore, the entire product is considered to be the light source. The power cable cannot be replaced; if it is damaged, the device must not be used any further.

A CE Declaration of Conformity has been issued for the product in accordance with applicable regulations. Available on request from the manufacturer: info@solight.cz, or for download at www.solight.cz/en.
